50X1-HUM

1. only four fighters were stationed at Strausberg 50X1-HUM (N 53/V 15) airfield between 27 March and 8 April 1951. * The arrival of air force personnel was not observed. During the period of observation the four aircraft engaged in intensive flying almost daily. Stunt flying was practiced at high altitudes.
2. The eight fuel containers which had arrived at the field were 50X1-HUM not installed. It could not be determined whether the fuel containers 50X1-HUM were empty or full.
3. Trucks loaded with lumber, were seen moving 50X1-HUM from the town toward the airfield.

* Comment. It has not been determined to which unit the four fighters 50X1-HUM are assigned. No other air unit is stationed in Strausberg.
